## Get your home phone service along with FairlawnGig™ Internet service

Experience the reliability and speed of fiber, along with local service and support for your home phone with FairlawnGig residential phone service. Up to two phone lines are available, at $25 per month for each line, plus 6.75% tax.

Phone service for business customers is also available and can be customized to meet the needs of any size business. Please call 330-668-3300 for plans and options.

### FairlawnGig Phone Service Includes:

- Unlimited local and long distance calling to the United States and Canada. Examples of international calling rates are listed on our website at: **www.fairlawngig.net/phone-service**
- Voicemail, Call Waiting, Caller ID, Call Forwarding.
- E911 service that displays your home address during an emergency call.

### No Additional Hardware or Installation

A unique feature of FairlawnGig phone service is that your current phone handsets will work with your existing home telephone wiring or can be plugged into the FairlawnGig ONT, the box that connects to FairlawnGig. The ONT—free with your FairlawnGig Internet service—includes two telephone ports that also work with your existing phone handsets and indoor phone wiring. The FairlawnGig ONT comes with an uninterrupted power supply: your Internet and phone service will stay on during a power outage.

FairlawnGig is a trademark of the City of Fairlawn, Ohio.

### Keep Your Phone Number or Get a New One

You can keep your current phone number; there is no charge to move your number to FairlawnGig. It usually takes less than three days for your number transfer to be completed, during which time there will be no interruption of your current phone service. After the transfer is complete, you can start using your FairlawnGig phone service as soon as a FairlawnGig technician performs the installation.

If you prefer, FairlawnGig can issue you a new phone number within the 330 area code.
